

### **List of Equipment Available in the RUSA Centre for Herbo Medicinal Studies**

1. Fully automated preparative HPLC and Flash system
2. Micro Plate reader
3. Nano drop UV-Vis spectrophotometer
4. Freeze Dryer (Lyophilizer)
5. Spray Dryer
6. Flame Photometer
7. All Purpose Equipment (Granulation of Solid Oral)
8. Fluid bed dryer
9. Electromagnetic Sieve Shaker With accessories
10. Analytical Balance
11. Rota evaporator
12. Digital potentiometer
13. Digital pH conductometer
14. Melting point/ boiling point apparatus
15. Muffle furnace
16. Circulating water bath
17. Water purification system HPLC grade water
18. Clevenger apparatus
19. Hot air oven
