Syllabus for BSL-I Year (1st Semester)**Political Science -I****(Key Concepts of Political Science-I)****Course Objective:**

The main object of this paper is to know & learn key concepts of political science. Without these concepts, it is very difficult for a law student to gain in-depth knowledge of Law. This is an introductory paper which deals with concepts, ideas and theories in political science. It seeks to explain the evolution and usages of these concepts, ideas and theories with reference to individual thinkers both historically and analytically. The different ideological standpoints with regard to various concepts and theories are to be critically explained with the purpose of highlighting the differences in their perspectives and in order to understand their continuity and change. Furthermore there is a need to emphasize the continuing relevance of these concepts in present context and explain how an idea and theory gains prominence in contemporary world.
