**(Structure and Syllabus of Four Year Inter Disciplinary under
Graduate Degree Program in Inter Disciplinary with Multiple
Entry and Exit option)**

Under Graduate Program of Inter Disciplinary

Major in DSE BA Rural Management

Under the Faculty of Inter Disciplinary

Effective from Academic Year -2025-2026

(As per NEP-2020)

Forward by the Dean, Faculty of Interdisciplinary Studies

National Education Policy 2020 has been announced on 29.07.2020 by Government of India. NEP 2020 proposes a new and forward-looking vision for India's Higher Education System through quality universities and colleges. Its key is in the curriculum and its practical implementation. NEP 2020 foresees more vibrant, socially engaged, cooperative communities and a happier, cohesive, cultured, productive, innovative, progressive, and prosperous nation. The introduction of Research Methodology and ethics will widen the vision and broaden the perspectives of the learners.

The curriculum must be exciting, relevant, and regularly updated to align with the latest knowledge requirements and meet specified learning outcomes. High-quality pedagogy is necessary to impart the curricular material to students successfully; pedagogical practices determine the learning experiences provided to students, thus directly influencing learning outcomes. The assessment methods must be scientific, designed to improve learning and continuously test the knowledge application.

When syllabi are developed and framed appropriately at University, it will result in the upbringing and nourishment of multidisciplinary and holistic citizens. Emphasis is on outcome-based learning. Every course has well-defined objectives and outcomes. The assessment guidelines also provide clarity and precision to the vision behind prescribing the particular course content.

The syllabus of four year undergraduate bachelor course is a reformative and constructive step in the effective implementation of National Policy on Education 2020 by the Swami Ramanand Teerth Marathwada University. It is a product of rigorous exercise undertaken by the respective Board of Studies of the University which was prepared the guidelines provided by the steering committee set up by the Government of Maharashtra. This syllabus reflects the philosophical foundation through documents on National Education Policy 2020 which was provided by the Ministry of Education of Government of India and University Grants Commission, New Delhi. This syllabus consists of content and activities that will empower the students for inculcating 21st century skills. The highlights of syllabus offers; holistic, inter- multi-trans disciplinary approach, research component, flexibility, technology embedded teaching-learning, value based and skill enhancement, which defines educational experience and opens up a whole new world of opportunities.

This syllabus structured on various predefined verticals that includes major subject and minor subject, generic or open electives, vocational and skill enhancement courses, ability enhancement courses, value education courses, Indian knowledge system, co-curricular courses which will be leading towards graduation and perusing their career thereafter. There are total eight semesters for four year undergraduate course where, each semester is of 22 credits and students will have to choose semester wise specific vertical carefully.

Introducing Case Studies and Field Projects has created a unique opportunity for the higher education institute to bridge the gap between the academia, industry and the community, NEP believes effective learning requires a comprehensive approach that involves an appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support.

We are sure that the Graduate centers of this university and its affiliated colleges will implement the course effectively and successfully, resulting in a healthy and more creative academic ambience.

The design and development of syllabus is a continuous process, therefore all these syllabi are constantly under review. It is a request to teachers and students to suggest addition and changes in the present syllabus for supporting bright future of the learners.

Professor Dr. Chandrakant Ragho Baviskar
Dean (IC), Faculty of Interdisciplinary Studies
Swami Ramanand Teerth Marathwada University
Nanded- 431 606 (Maharashtra state)

From Desk of Chairman, Board of Studies in the Subject BA Rural Management

In higher education, Inter Disciplinary play a crucial role in preserving past accomplishments, providing insights into our present world, and equipping students with the tools to imagine the future. The Inter Disciplinary&Humanities foster critical thinking, analysis, and interpretation of complex ideas and information.

According to the statistics released by the World Bank as of 2022, the population of India living in rural areas is more than 64% today. Such a large population lives in rural areas. Therefore, today the face of India is the person who lives in rural areas. Today, due to urbanization, rural areas have remained far from development.

Since rural areas are very important, the development of individuals there should be done in a planned manner. Rural management is a field focused on the sustainable administration and development of rural areas, including cooperatives, agribusiness, and community welfare initiatives. Professionals in this area acquire skills in planning, organizing, and implementing strategies for Economic, Social, and Environmental growth in rural settings, often through specialized graduate programs like BAs in Rural Management.

Key Aspects

Sustainable Development:

The primary goal is to enhance the quality of life for rural populations while ensuring the responsible use of natural resources.

Community Focus:

Rural management addresses the unique challenges and needs of rural communities, promoting economic growth, improving infrastructure, and increasing access to services like healthcare.

Diverse Roles:

Professionals can work in various sectors, including community development, rural economics, agribusiness management, and the management of non-governmental organizations (NGOs).

Students coming from rural communities should be aware of the community in which they live.

To be identified,

- Problems in rural areas, Questions, etc. should be introduced.
- Rural development and employment opportunities should be provided at the local level.
- Along with rural development, developing businesses and employment opportunities related to the agricultural sector.

For students coming from rural communities, Swami Ramanand Teerth Marathwada University, Nanded has introduced B.A. under the inter-faculty stream. An important course in rural management has been started. Apart from this purpose, affiliated institutions can successfully implement this course according to their objectives.

This new curriculum will definitely be useful in empowering students in every respect.

Swami Ramanand Teerth Marathwada University, Nanded

Faculty of Inter Disciplinary

Subject: BA Rural Management

General Guidelines for course structure:

- 1) The Major subject is the discipline or subject of the main focus and the degree will be awarded in that discipline/subject.
- 2) Credits and curriculum of Major and Minor subject is same in the first year
- 3) In the first year Students should choose two different subject as a Major and Minor in same faculty).

- 4) From the Second year curriculum of Major and Minor subject is the different.
- 5) Generic /Open Elective is to be chosen compulsorily from faculty other than that of the Major. (Select from Basket)
- 6) Vocational and Skill Enhancement Courses (VSEC or VSC and SEC) are related to Major Course (DSC)
- 7) Ability Enhancement Courses (AEC) :
 - a) English language may be offered Sem. I for 2 Credits and sem. III for 2 Cr. in AEC
 - b) Second languages may be offered Sem. II for 2 Credits and sem. IV for 2 Cr. in AEC
- 8) Column No. 7 and 8 is common for all faculties.
- 9) Curriculum of VEC, CI, IKS and CC will provide by university.

Guidelines for Course Assessment:

A. Continuous Assessment (CA) (40% of the Maximum Marks):

This will form 40% of the Maximum Marks and will be carried out throughout the semester. It may be done by conducting **Two Tests and one Assignment**. Average of marks scored in these two tests and one assignment of a theory paper will make CA.

B. End Semester Assessment (60% of the Maximum Marks):

(For illustration we have considered a paper of 02 credits, 50 marks and need to be modified depending upon credits of individual paper)

1. ESE Question paper will consists of 6 questions. Each of 10 marks for 2 Cr. pattern and 15 marks for 4 Cr. pattern. (BOS may change scheme of marking.)
2. There will be 4- 5 sub questions in Question No. 1
3. Question No.1 will be compulsory and shall be based on entire syllabus.
2. Students are required to solve a total of 4 Questions \.
4. Students need to solve ANY THREE of the remaining Five Question (Q.2 to Q.6) and shall be based on entire syllabus.

C. Assessment of Term Work/ Tutorial/Field Works:

At least 02 test / assignments covering entire syllabus must be given during the 'class wise tutorial' . The assignments should be students' centric and attempts be made to make assignments more meaningful, interesting and innovative.

Term work assessment must be based on overall performance of the student with every assignments graded time to time. The grades be converted to marks as per 'credit and grading system' manual and should be added and averaged.

D. Assessment of Community Engagement Services:

Students have freedom to take more than one CES/CC courses, however, marks of the best performing CES/CC be considered for final assessment. Assessment of the CES/CC courses be done by the respective course coordinators depending on the performance of the student and his participation in the international, national, state, university, college level events or camps, wherever applicable. In other cases performance of a student be assessed depending on his/her regularity, participation in the regular activities in the semester.

Note: Number of lectures required to cover syllabus of a course depend on number of credit assigned to it. For example, for a two credit course, 30 lectures each of one hour duration are assigned, while that for a three credit course 45 Lectures.
