Foreword by the Dean, Faculty of Humanities.....

National Education Policy 2020 has been announced on 29.07.2020. NEP 2020 proposes a new and forward-looking vision for India's Higher Education System through quality universities and colleges. Its key is in the curriculum and its practical implementation.

The curriculum must be exciting, relevant, and regularly updated to align with the latest knowledge requirements and meet specified learning outcomes. High-quality pedagogy is necessary to impart the curricular material to students successfully; pedagogical practices determine the learning experiences provided to students, thus directly influencing learning outcomes. The assessment methods must be scientific, designed to improve learning continuously test the knowledge application.

The university's proper framing and development of syllabi will result in the upbringing and nourishment of multidisciplinary and holistic citizens. Emphasis is on outcome-based learning. Every course has well-defined objectives and outcomes. The assessment guidelines also provide clarity and precision to the vision behind prescribing the particular course content.

NEP foresees more vibrant, socially engaged, cooperative communities and a happier, cohesive, cultured, productive, innovative, progressive, and prosperous nation. The introduction of Research Methodology and ethics will widen the vision and broaden the perspectives of the learners.

Introducing Case Studies and Field Projects has created a unique opportunity for the higher education institute to bridge the gap between the academia, industry and the community. NEP believes effective learning requires a comprehensive approach that involves an appropriate curriculum, engaging pedagogy, continuous formative assessment, and adequate student support.

We are sure that the Graduate centres of this university and its affiliated colleges will implement the course effectively and successfully, resulting in a healthy and more creative academic ambience.

Foreword by the Coordinator, Ad-Hoc Board of Studies in Foreign Languages (French and Spanish)

The SRTM University is today connected to various institutions all over the world through MOUs and other avenues. There are numerous other international academic opportunities and funding available to students of the all Faculties today, where knowledge of Foreign Languages is an asset. Besides, learning a foreign language expands the world vision and knowledge base of any learner and is of particular use to a student of language, literature, social sciences and commerce and management. Learning a foreign language offers the learner insight into how languages and cultures interact. Therefore, through their own process of learning a new language, students gain knowledge of the cultures and economies that the foreign language is associated with. This in turn helps them to better understand the linkages, exchanges, contacts and conflicts that exist between various economies and cultures in this globalized world. Hence, inclusion of a foreign language component in UG programs, besides offering access to numerous professional and academic opportunities, can only enhance and enrich the comprehension and research capacity of the learners. It can generate in the students the wish to learn more about other cultures, literatures and civilisations and also prepare them for becoming better global citizens and successful professionals with more mobility and opportunities.

The mission of the Foreign Languages Departments is as follows:

- ❖ To provide students quality training in foreign languages.
- ❖ To prepare students to enter a globalized job market with specific language skills.
- ❖ To prepare students to adapt to diverse cultural situations and navigate them successfully.
- ❖ To prepare students for successful careers in various industries that require foreign language skills and meet the needs of Indian and multi-national companies.
- ❖ To provide opportunity for students to work as part of teams on international multidisciplinary projects.

**AEC IN SPANISH FOR SEMESTERS I & II OF BBA/BCA/PROFESSIONAL/TECHNICAL
PROGRAMMES OF 4-YEAR UG UNDER NEP 2020 W.E.F. 2026-27**

DEPARTMENT OF SPANISH

RATIONALE & SCOPE:

As per the NEP 2020, Department of Spanish wishes to offer Ability Enhancement Courses (AEC) for students who are enrolled to BBA/BCA/Professional/Technical Programmes of 4-year UG Programme. There are numerous international academic opportunities and funding available to the students of all the faculties today, where knowledge of Spanish can turn out to be a huge asset. Thus, this language can turn out to be an invaluable asset in shaping bright career of the students.

Given the growing relations between India and the countries of Latin America and South America, knowledge of Spanish is essential to have a direct contact with the people of these regions. It helps the students and researchers of Latin/South American Studies a working knowledge of these languages to consult primary sources in the language concerned. There is also an increasing need in the IT enabled industry for Spanish language experts. Spanish is spoken by a vast number of people in Latin America and South America. It is the second largest among the foreign languages spoken in the world. It is the official language of more than 20 countries. There is a huge Hispanic diaspora in the United States which makes Spanish the second most spoken language in that country. Thus, these courses offer a unique opportunity to learners with diverse needs to gain gradual mastery over the language. This will benefit the students to move across institutions within India to begin with and across countries.
