(As per NEP -2020)

Forward by the Dean, Faculty of Humanities

From the Desk of the Dean:

To meet the challenge of ensuring excellence in undergraduate programme Humanities education, the issue of quality needs to be addressed, debated and taken forward in a systematic manner. Accreditation is the principal means of quality assurance in higher education. The major emphasis of accreditation process is to measure the outcomes of the program that is being accredited. In line with this Faculty of Humanities of Swami Ramanand Teerth Marathwada University Nanded has taken a lead in incorporating philosophy of outcome-based education in the process of curriculum development.

Faculty of Humanities, Swami Ramanand Teerth Marathwada University Nanded, in one of its meetings unanimously resolved that, each Board of Studies shall prepare some Program Educational Objectives (PEO's) and give freedom to affiliated Institutes to add few (PEO's) and course objectives and course outcomes to be clearly defined for each course, so that all faculty members in affiliated colleges understand the depth and approach of course to be taught, which will enhance learner's learning process. It was also resolved that, maximum senior faculty from colleges and experts from industry to be involved while revising the curriculum. We are happy to state that, each Board of studies has adhered to the resolutions passed by Faculty of Humanities, and developed curriculum accordingly. In addition to outcome-based education, semester-based credit and grading system is also introduced to ensure quality of education.

Semester based Credit and grading system enables a much-required shift in focus from teacher-centric to learner-centric education since the workload estimated is based on the investment of time in learning and not in teaching. It also focuses on continuous evaluation which will enhance the quality of education. Swami Ramanand Teerth Marathwada University Nanded has taken a lead in implementing the system through its affiliated Institutes and Faculty of Technology has devised a transparent credit assignment policy and adopted ten points scale to grade learner's performance. Credit assignment for courses is based on 15 weeks teaching learning process, however content of courses is to be taught in 12-13 weeks and remaining 3-2 weeks to be utilized for revision, guest lectures, coverage of content beyond syllabus etc.

Credit and grading based system will be implemented for First Year of Humanities from the academic year 2023-2024. Subsequently this system will be carried forward for Second Year Humanities in the academic year 2024-2025, for Third Year and Final Year Humanities in the academic years 2025-2026 and 2026-2027 respectively.

**Dr. Parag Khadke, Dean, Faculty of Humanities,
Swami Ramanand Teerth Marathwada University, Nanded**

From Desk of Chairman, Board of Studies of the Subject Political Science

Preamble:

Education is a critical process for realizing one's full potential, creating a more just and equal community, and advancing national progress. In terms of economic growth, social fairness and equality, scientific advancement, national integration, and cultural preservation, ensuring universal access to high-quality education is critical to India's continuing rise and leadership on the world arena. In this context, the politics and political science is related with the life of every human being of the India. Every citizen of India must know the need, role and importance of curriculum of political science. Political Science as a discipline of Social Science, it deals with understanding the social structures and methods used to manage a government or State. It also encompasses the Historical, Philosophical, Constitutional, and Legal foundation of the political system. It further provides scope to identify the political values and ideas, governing institutions and their policy making process. The subject increases the ability to address the functions and processes of government and politics in State, National and International levels. It ensures that students acquire citizenship skills and engage as active citizens by appreciating human diversity. This subject is interdisciplinary by nature and draws upon other social disciplines or branches of knowledge and there by influenced by them in many ways. This branch of Social Science makes able to every citizen of nation to know about the loopholes in the political system as well as the roles of political parties and political leaders in the overall development of the nation and helps to criticize and suggest some new ideas and ways to formulate an adequate democratic political system.

This curriculum is helpful to make the students able to acquire the knowledge about its different streams like, Political Economy, Political Geography, Political Sociology, Political Psychology, and Political Anthropology. The curriculum of Political Science is organized in a systematic manner to facilitate students to have an understanding of political ideas, terms and terminologies, theories, ideologies, institutions, policies, systems, processes, and behavior, as well as groups, classes, government, law, peace and war which are the bedrock of human society and polity. The contents enrich student's writing, communication, data analysis skills and also develop knowledge about current, future and past political events across the world. An earnest effort is directed towards laying the foundation for a serious engagement with the discipline and developing competencies that prepare students for higher education, learning, and acquiring knowledge about constitution as well as Indian Political System and its role in the development of citizens. Finally, this branch of knowledge includes the curricular aspects related with the election process and system, electoral reforms, electoral politics.

I, as Chairman, Board of Studies in Political Science, New Model Degree College, Hingoli Swami Ramanand Teerth Marathwada University Nanded, happy to state here that, Program Educational Objectives were finalized in a meeting where more than 08 members from different institutes were attended, who were either Heads or their representatives of Political Science Department. The Program Educational Objectives finalized for Undergraduate in Political Science are listed below;

Program Objectives in Political Science

- To understand the importance of concepts and research techniques in Political Science.
- To familiarize the students with the basic idea's thoughts and theories in Political Science and applied theories of Political Science.
- To help them to understand and make distinction among Political Science and help them to Understand the importance of in the national and global contexts.
- To help them to understand the emergence, and growth of modern States and give them an idea of their functioning and relate them to the Political realities.
- To equip them to critically relate the theoretical aspects of Political Science to the Socio-Economic and Political facts of our times.

Program Learning Outcomes in Political Science:

At the end of the successful completion of the course, the students will be able to-

- To acquire domain interdisciplinary knowledge through the discipline of Political Science.
- Study and analyze political contexts from critical and constructive prospective.
- Have a better understanding of the working of various political institutions (including Decentralized institutions (LSG) state legislatures and parliament) and relate this functioning to the greater cause of nation building as a Responsible citizen.
- Assess how (to) global, national and regional development affect polity and society.
- To gain/achieve critical thinking and develop the ability to make logical/rational inferences about socio-economic and political issues, on the basis of comparative and contemporary Political discourses in India and Global.
- Thinking about national and international issues involving States having various political ideologies and historical contexts.
- Pursue higher education such as Post Graduate Studies and Research in Political Science and in other Interdisciplinary areas to provide qualitative insights to create a better world.

In addition to above more program educational objectives of their own may be added by affiliated Institute. In addition to Program Educational Objectives, for each course of undergraduate program, objectives and expected out comes from learner's point of view are also included in the curriculum to support the philosophy of outcome-based education. I believe strongly that small step taken in right direction will definitely help in providing quality education to the stakeholders.
